Patient associations grant IBD

A realisation of the 2 Belgian patient associations Asbl Crohn RCUH and CCV-vzw

Purpose

To increase physicians' knowledge in the field of chronic inflammatory bowel disease and support scientific research in this field.

Research Grants

A grant of 3.000 euro is made available annually.

The first instalment of 1.500 euro is awarded upon completion of the research project.

The research must be completed within 2 years of the grant being awarded. Only when the final results are submitted will the second instalment of 1.500 euro be awarded. If the final result cannot be submitted, the first instalment can be reclaimed.

It must be a well-defined, original, clinical scientific research project. The candidate will carry out this research at his institution or abroad, in a centre with particular reputation for research in the field of inflammatory bowel diseases.

Deadline

15 September 2024

Who can submit?

Doctor of medicine or researcher in the field of IBD

How to submit?

Send the following documents in English via mail to the board of the two organisations for patients below:

CCV-vzw: lynn.debrun@gmail.com
Asbl Crohn RCUH: franckatleen@gmail.com

Ondernemingsnummer BE 04 227 016 50
BTW BE 0422.701.650

1. Curriculum Vitae of the candidate
2. Research project presentation: 2 A4 pages.

Situation of the research proposal, clearly stated objectives, a defined methodology and delineated research period.

Review process:

Projects are reviewed anonymously by a review committee appointed for this purpose by the patients' organisations. They assess the research proposals for their strictly scientific and original value.

Awarded project:

The awarded project will be announced on National IBD Day on 22 October 2024 via our social media channels and website. The winner will be expected to provide a photo and write an article about his/her research in Dutch and French for the magazine 'Crohniek' / 'Crohnique', which is aimed at patients and their environments.
